JOURNAL
OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 16 September 1970

25X1

25X1

5. Called Vic Zafra, in the Office of Management and Budget, on the status of our retirement legislation in the light of Treasury's adverse report on the funding title. Zafra said it would be impossible to resolve the matter before the adjournment of this Congress but agreed to try to clear the other provisions of the bill in Title II, including quota relief, and promised to let us know the outcome in the next two days. (See Memorandum for the Record.)
